PROFILE

I am Job Idiahi Okosun, a software engineer at Multilent Softwares and IT Solutions, based in Abuja, Nigeria. I hold a Bachelor of Science degree in Computer Science and have 6+ years of experience architecting and developing scalable, secure, and reliable web and mobile applications. My skills span a wide range of technologies, including Node.js, Python, Angular, React, TypeScript, JavaScript, PHP, SQL, NoSQL databases, cloud technologies, and DevOps.

I have successfully contributed to various web and enterprise applications and I possess excellent communication skills and thrive in dynamic environments.

SKILLS

Frontend Development

●●●●●

HTML, CSS, Javascript, Typescript, Tailwind, Angular, React

Backend Development

●●●●●

Aws, Node, Nest.Js, Express.Js PHP, Python/FastAPI

Database Technologies

●●●●●

MySQL, Mongodb, Mongoose, Redis, Elasticsearch

Mobile & Desktop Development

●●●●●

Angular/IONIC, Electron

Testing Frameworks

●●●●●

Jest, Mocha, Cypress

DevOP Tools

●●●●●

Git, Docker, Jenkins, CircleCI, Github Actions

PROFESSIONAL EXPERIENCE

06/2025 - Present **Software Engineer (Frontend - Angular)**
Abuja, Nigeria *Multilent Software and IT solutions*

- Developed new web, desktop, and hybrid applications from UI/UX specifications and instruction
- Actively maintained and enhanced existing production systems for stability and scalability.
- Conducted unit, integration, and regression testing to improve reliability.
- Acted as team lead on selected projects, coordinating and reviewing code.
- Mentored junior engineers to improve code quality and team efficiency.
- Monitored software usage on-site, providing expert support, resolving issues, and reporting unforeseen problems
- Worked with PMs and designers to translate requirements into solutions.
- **Stack used:** Angular, React, Electron, Tauri, TypeScript, JavaScript, Git, Docker, Jest,

- 08/2022 - 05/2025 **Software Engineer**
Lagos, Nigeria *Mira Technologies*
- Translate UI/UX designs into functional front-end code.
 - Supported the integration of third-party APIs for Fintech softwares.
 - Implemented unit tests ensuring code quality and reliability.
 - Assisted in CI/CD pipelines to streamline deployment processes,
 - Built numerous scalable APIs and backend services.
 - **Stack used:** Angular, React, Typescript, Javascript, PHP, Python, Node, Docker, CircleCi, Mocha, GitActions
- 05/2021 - 05/2022 **National Youth Service Corps (NYSC)**
Abeokuta, Nigeria *Bureau of Information (BIT)*
- Improved and maintained database systems for managing office records.
 - Provided IT support and training for staff, enhancing technical capabilities.
 - Volunteered at as STEM tutor
 - **Stack used:** HTML, CSS, Javascript, SQL
- 04/2020 - 05/2021 **Software Engineer**
Abuja, Nigeria *Rymkys Enterprise Corporation*
- Optimized REST APIs to achieve a 15% reduction in response time, enhancing data interchange between the server and users.
 - Contributed to the development and maintenance of server-side logic for new and existing products.
 - Researched and implemented new client-side features to improve user experience.
 - Developed automated tests to ensure code quality and reliability.
 - **Stack used:** Node.js, Angular, React, MongoDB, JavaScript, Python, REST APIs, Jest, Mocha, Git
- 11/2019 - 04/2020 **Software Engineer**
Edo, Nigeria *Harvadcom Consult*
- Identified, measured, and continuously improved backend processes to enhance system efficiency.
 - Resolved data duplication and inconsistencies through cleanup and automation.
 - Integrated the MVC pattern into an information management system, improving modularity, organization, and scalability.
 - Deployed applications to cloud platforms and monitored their performance to ensure reliability.
 - Stack used: Node.js, PHP, JavaScript, MVC Architecture, AWS, Nginx Git, SQL

EDUCATION

- 11/2015 - 11/2019 **B.Sc | Computer Science**
Ekpoma, Nigeria *Ambrose Alli University*
- 05/2018 - 11/2018 **Software design and development certificate**
Benin, Nigeria *Harvadcom Consult*

CERTIFICATE

Certificate of Appreciation | Bureau of Information (BIT)

I was awarded this certificate in recognition of my volunteer work as a tutor in the STEM program organized by BIT.

B.Sc | Ambrose Alli University

This is a certificate awarded for completing the study of bachelor of science degree at the university.

LANGUAGE

English, Esan
